11.5"	-	-	1	1	1	1	2	2	2	3
12"	-	-	1	1	1	1	2	2	2	3

NOTE: The number of strips yielded comes from having the exact amount of yardage on the chart available for cutting. Prewashing the fabric before use will cause shrinkage, which is not calculated in this table. Additionally, having to square up the fabric will cause additional loss in yardage size. Do your math before purchasing fabric. I recommend purchasing a few extra inches of fabric to allow for squaring up, shrinkage, and possible cutting mistakes.
